

# **Visualizing Venice**

Mapping and Modeling Time  
and Change in a City

**Edited by Kristin L. Huffman, Andrea  
Giordano and Caroline Bruzelius**

# Contents

|   |           |
|---|-----------|
| <i>List of figures</i>  | ix        |
| <i>Preface</i>  | xii       |
| KRISTIN L. HUFFMAN, ANDREA GIORDANO AND<br>CAROLINE BRUZELIUS   |           |
| <i>Notes on contributors</i>  | xv        |
| <br>  |           |
| <b>Overview: the <i>Visualizing Venice</i> enterprise</b>   | <b>1</b>  |
| CAROLINE BRUZELIUS  |           |
| <br>  |           |
| <b>PART I</b>   |           |
| <b>Introductory chapters</b>  | <b>5</b>  |
| <br>  |           |
| <b>1 The role of digital visualization for the history of the city</b>  | <b>7</b>  |
| DONATELLA CALABI  |           |
| <br>  |           |
| <b>2 <i>Visualizing Venice</i>: teaching, training, and imagining<br/>a new kind of urban and architectural history</b> | <b>15</b> |
| CAROLINE BRUZELIUS  |           |
| <br>  |           |
| <b>3 <i>Visualizing Venice</i>: developing a methodology for historical<br/>visualization</b>                           | <b>20</b> |
| ANDREA GIORDANO AND MARK OLSON  |           |
| <br>  |           |
| <b>PART II</b>  |           |
| <b>Historical case studies</b>  | <b>27</b> |
| <br>  |           |
| <b>4 Buildings that never were: the unbuilt projects for the Civic<br/>Hospital of Venice</b>                           | <b>29</b> |
| INES TOLIC (TRANSLATED BY MAURA VECCHIETTI)   |           |

|   |     |
|---|-----|
| <b>5 Architectural and urban change over time: the school, church, and monastery of Santa Maria della Carità</b>          | 36  |
| ELENA SVALDUZ   |     |
| <b>6 Mapping change and motion in the lagoon: the Island of San Secondo</b>   | 43  |
| LUDOVICA GALEAZZO (TRANSLATED BY JOHN FRANCIS PHILLIMORE)   |     |
| <b>7 Visualizing the Treves botanical garden in Padua: from documentary research to laser survey and 3D modeling</b>      | 51  |
| MARTINA MASSARO   |     |
| <b>8 Research on lost buildings in Venice: the cathedral of San Pietro di Castello</b>                                    | 58  |
| GIANMARIO GUIDARELLI (TRANSLATED BY TEODORA OTT)  |     |
| <b>PART III</b>   |     |
| <b>Tools, technologies, and training</b>  | 65  |
| <b>9 <i>Visualizing Venice</i>: a historical overview of the role and application of architectural and urban modeling</b> | 67  |
| COSIMO MONTELEONE   |     |
| <b>10 The history of cities and historical geographic information system (HGIS)</b>                                       | 76  |
| ALESSANDRA FERRIGHI   |     |
| <b>11 Digital technologies and exhibition culture: reactivating art installations through virtual reconstructions</b>     | 84  |
| CHIARA DI STEFANO AND LAURA MOURE CECCHINI  |     |
| <b>12 Interactive exhibitions: new interfaces for engaging visualizations</b>   | 92  |
| MARK OLSON  |     |
| <b>13 Guidebooks and mobile applications: a new mode of communication</b>   | 100 |
| VICTORIA SZABO  |     |

|   |     |
|---|-----|
| <b>14 Digital art history: building a “model” for student engagement</b>                          | 111 |
| KRISTIN L. HUFFMAN  |     |
| <b>15 <i>Visualizing Venice</i> summer workshops for graduate students and beginning scholars</b> | 118 |
| VICTORIA SZABO  |     |
| <b>16 <i>Visualizing Venice to Visualizing Cities: future horizons</i></b>                        | 128 |
| KRISTIN L. HUFFMAN AND ANDREA GIORDANO  |     |
| <b>Conclusion</b>   | 137 |
| CAROLINE BRUZELIUS  |     |
| <i>Appendix: teaching historical 3D modeling techniques: the Sta. Margherita portal</i>           | 145 |
| HANNAH JACOBS   |     |
| <i>Index</i>  | 149 |
