A SCIENCE PUBLISHERS BOOK

Contents

<i>Preface to the Series</i>	v
<i>Preface</i>	vii
<i>Acknowledgements</i>	xi
1. Introduction	1
1.1 Molluscan Science	1
1.2 Taxonomy and Distribution	4
1.3 Thermal Vents and Cold Seeps	10
1.4 Energy Budgets	13
1.5 Life Span and Generation Time	21
1.6 Spermatogenesis and Fertilization	24
1.7 Ontogenetic Development	27
1.8 Locomotion and Dispersal	29
1.9 Molluscan Fisheries	33
2. Shell and Reproduction	41
Introduction	41
2.1 Structure and Diversity	41
2.2 Latitudes, Predators and Parasites	47
2.3 Shell and Resource Allocation	59
2.4 Symmetry and Sinistrals	63
2.5 Chemical Defense	68
3. Sexual Reproduction	71
Introduction	71
3.1 Reproductive Systems	73
3.2 Gonochorism	75
3.3 Parthenogenesis	79
3.4 Hermaphroditism	83
3.5 Mates and Mating Systems	96
3.6 Alternative Mating System (AMS)	101
3.7 Multiple Paternity	103
3.8 Encapsulation and Nurse Eggs	110

3.9 Poecilogony and Dispersal Dimorphism	118
3.10 Brood Protection and Viviparity	123
3.11 Fecundity	123
4. Regeneration and Asexual Reproduction	134
Introduction	134
4.1 Gastropods	135
4.2 <i>Clio pyramidata</i>	141
5. Aestivation and Reproduction	144
Introduction	144
5.1 Seasonal Aestivation	144
5.2 Tidal Aestivation	149
5.3 Biological Weapon	151
6. Sex Determination	154
Introduction	154
6.1 Inheritance of Color and Symmetry	154
6.2 Karyotypes and Heterogametism	157
6.3 Spawning Induction and Cryopreservation	159
6.4 Ploidy Induction and Gigantism	162
6.5 Mitochondrial Genome	173
6.6 Sex Determination Models	179
7. Sex Differentiation	182
Introduction	182
7.1 Neurohormones	182
7.2 Steroid Hormones	186
7.3 Endocrine Disruption	194
7.4 Parasitic Disruption	197
8. Molluscs and Ocean Acidification	200
Introduction	200
8.1 Chemistry of Seawater	200
8.2 Pelagic Molluscs	202
8.3 Benthic Molluscs	205
8.4 Persistent Carry-over Effects	211
8.5 Effects on Prey-Predators	213
9. Uniqueness of Molluscs	217
Introduction	217
9.1 Shell and Iteroparity	217
9.2 Gamete Diversity	221
9.3 Gigantism and Polyploidy	223
9.4 Sexuality and Paternity	224
9.5 Double Uniparental Inheritance (DUI)	226
9.6 Vertebrate Type Steroids	226
9.7 Aestivation and Cysts	227

10. References	230
<i>Author Index</i>	269
<i>Species Index</i>	278
<i>Subject Index</i>	286
