

Neurosurgery Rounds

Questions and Answers

Third Edition

Mark R. Shaya, MD, DNBPAS, FACS

Founder and President

Neurosurgical Institute of Florida

Coral Gables, Florida, USA

Cristian Gragnaniello, MD, PhD, MSurg, MAdvSurg, FICS

Assistant Professor of Neurosurgery and Otolaryngology

Department of Neurosurgery

University of Texas Health Science Center at San Antonio

San Antonio, Texas, USA

Remi Nader, MD, CM, FRCSC, FACS, FAANS

Founder and President

International Center for Neuroscience

Houston, Texas, USA;

Adjunct Associate Professor of Neurosurgery

University of Texas Medical Branch

Galveston, Texas, USA

178 Illustrations

Contents

Preface	X
1 Neuroanatomy	2
Cranial	2
Spine and Peripheral Nerve	46
Cases	61
References	66
2 Neurophysiology	70
General	70
Cases	98
References	101
3 Neuropathology	106
Congenital	106
Trauma	110
Epilepsy	113
Neoplastic	118
Degenerative	127
Cases	130
References	132
4 Neuropharmacology	136
Neurotransmitters	136
Epilepsy	139
Anesthetics, Analgesics, and Anti-inflammatories	141
Antimicrobials	145
Intensive Care: Vasogenic and Hematologic	146
Toxicology	149
Cases	155
References	156

5	Cranial Neurosurgery	162
	General	162
	Trauma and Emergencies	178
	Neoplasms	185
	Endocrine	200
	Radiation Therapy	203
	Infections	204
	Vascular	206
	Congenital and Pediatric	222
	Pain and Functional Neurosurgery	231
	Cases	233
	References	239
6	Spine	254
	Spinal Anatomy and Surgical Technique	254
	Trauma	274
	Degenerative	289
	Neoplastic, Infectious, and Vascular	299
	Congenital and Pediatric	307
	Cases	313
	References	317
7	Peripheral Nerves	334
	General	334
	Upper Extremity	344
	Lower Extremity	352
	Cases	360
	References	363
8	Neurology	368
	General	368
	Emergencies and Epilepsy	369
	Infectious and Inflammatory	371
	Congenital and Pediatric	375
	Functional and Pain	380
	Cases	382
	References	384

9	Neuroradiology	392
	Cranial	392
	Spinal	399
	References	406
	Index	409
