FBI TRANSFORM
IN GEVREY CLASSES
AND ANOSOV FLOWS

Yannick GUEDES BONTHONNEAU

Malo JÉZÉQUEL

SOCIÉTÉ MATHÉMATIQUE DE FRANCE

CONTENTS

Introduction	1
1. Gevrey microlocal analysis on manifolds.	17
1.1. Gevrey spaces of functions and symbols	17
1.2. Gevrey oscillatory integrals	44
1.3. Gevrey pseudo-differential operators	60
2. FBI transform on compact manifolds.	99
2.1. Basic properties of the FBI transform	103
2.2. Lifting Pseudo-differential operators.	122
2.3. Bergman projector and symbolic calculus	151
3. Ruelle–Pollicott resonances and Gevrey Anosov flows.	185
3.1. I-Lagrangian spaces adapted to a Gevrey Anosov flow.	191
3.2. Traces and I-Lagrangian spaces	205
3.3. Perturbative results	211
Bibliography	227
