

Contents

Chapter 1.	Introduction	1
Chapter 2.	Preliminaries	15
Chapter 3.	Green's functions for Systems with Constant Coefficients	23
Chapter 4.	Green's Function for Systems Linearized Along Shock Profiles	35
Chapter 5.	Estimates on Green's Function	45
Chapter 6.	Estimates on Crossing of Initial Layer	63
Chapter 7.	Estimates on Truncation Error	71
Chapter 8.	Energy Type Estimates	101
Chapter 9.	Wave Interaction	111
Chapter 10.	Stability Analysis	123
Chapter 11.	Application to Magnetohydrodynamics	163
