

Table of Contents

General Editor's Preface	v
Introduction by <i>William A. Stini</i>	1
SECTION ONE: PHENOTYPIC VARIATION AMONG HUMAN POPULATIONS	
Skin Color Variability in the Middle East by <i>E. Sunderland</i>	7
Factor Analysis of Anthropometric Data for Fifteen Race-Age-National Origin Specific Groups by <i>Edmund Churchill, David Rabinow, and Peggy Erskine</i>	19
Certain Problems of Ethnic Anthropology in Southwest Asia in the Light of the Latest Research by <i>M. G. Abdushelishvili</i>	45
Recent Anthropological Data on the Ammassalimiut Eskimo of East Greenland: Comparative Studies by <i>Albert Ducros and Jacqueline Ducros</i>	55
Natural Selection and Physical Adaptation to a Biotype of Tropical Africa by <i>Emile Crognier</i>	69

Territorial Morphofunctional Studies in the Soviet Union: The Problem of Adaptive Types by <i>T. I. Alekseeva</i>	81
Adaptation of Morphology to Climate in Central Africa by <i>Jean Hiernaux</i>	89
The Differential Geography of Races by <i>V. P. Alexeev</i>	97
Blood Levels of Some Biochemical Components among Negroid Individuals with Hemoglobin A and AS by <i>V. Correnti, G. Spedini, M. Cresta, F. Vecchi, and E. Capucci</i>	111
Genogeography of Blood Factors in the Transcaucasus by <i>A. A. Voronov</i>	115
Morphological Peculiarities of the Body Frame in Different Ethnoterritorial Groups by <i>N. S. Smirnova</i>	131
Effects of Isolation on Genetic Variability: Macaque Populations as Model Systems by <i>Laura Newell Morris and Peter E. Nute</i>	139
 SECTION TWO: GROWTH AND DEVELOPMENT	
Introduction by <i>William A. Stini</i>	163
Variations in Female Physique by <i>O. G. Eiben</i>	165
Body Composition of Japanese Children: Factor Analysis of Development by <i>S. Kanda</i>	177
Genetics of Human Morphological Characters by <i>C. Susanne</i>	187
Lean Body Mass in Young, Adult, and Advanced Age Groups by <i>Jana Pařízková</i>	201

Skeletal Maturation of Japanese–American Hybrids by <i>Kunihiko Kimura</i>	207
Growth and Environment Studies in Czechoslovakia by <i>Miroslav Prokopec</i>	213
Some Biosocial Determinants of the Growth, Health, and Nutritional Status of Papua New Guinean Preschool Children by <i>L. A. Malcolm</i>	233
Processes of Human Growth in High Altitudes by <i>N. N. Miklashevskaya, V. S. Solovyeva, and E. Z. Godina</i>	243
Research on Puberty in Haiti by <i>J. B. Romain</i>	255
The Development of Gypsy Children in Changing Living Conditions by <i>Jaroslav Suchý</i>	263
The Relationship Between Human Body Constitution, Longevity, Disease, and Causes of Death by <i>Peter Râmneantzu</i>	273
One of the Factors of Brachycephalization over the Centuries: The Susceptibility of Dolichocephals to Tuberculosis by <i>G. Olivier and M. E. de Castro e Almeida</i> with the collaboration of <i>H. Tissier</i>	279
A Study of Morphological Variables and Genetic Markers in Urban and Rural South African Negro Male Populations by <i>Hertha de Villiers</i>	287
Physical Growth and the Social Environment: A West African Example by <i>D. K. Fiawoo</i>	301
Progressive Decline in Stature in India: A Study of Sixty Population Groups by <i>Pranab Ganguly</i>	315
A Study of Height, Weight, and Arm Girth Measurements of Punjabi Males by <i>Raghubir Singh</i>	339

Nutrition and Pregnancy by <i>John R. K. Robson</i>	345
The Age at Menarche in Venezuelan Students Residing in Metropolitan Caracas by <i>Fritzi Kohn de Brief</i>	349
The Relevance of Nourishment to the Reproductive Cycle of the Female in India by <i>Judit Katona-Apte</i>	363
An Anatomical View of Demographic Data: Biomass, Fat Mass, and Lean Body Mass of the United States and Mexican Human Populations by <i>Gabriel Lasker and Henry Womack</i>	369
Individual Differences in Skeletal Muscle Fiber Composition by <i>S. Inokuchi</i>	379
Adaptive Strategies of Human Populations under Nutritional Stress by <i>William A. Stini</i>	387
SECTION THREE: EFFECTS OF CHROMOSOMAL VARIATION ON HUMAN DEVELOPMENT	
Comments on the Effects of Chromosomal Variation on Human Development by <i>Fathi Abdel-Hameed</i>	411
The XX Male and the XY Female in Humans by <i>Fathi Abdel-Hameed and Linda M. Gluesing</i>	417
Hormonal Factors in Formative Processes by <i>E. N. Khrisanfova</i>	451
Polyploidy in Humans and Other Vertebrates by <i>Fathi Abdel-Hameed</i>	459
