Introduction	1
0.1 Nomadic Pastoralism Losing Ground	1
0.2 Objectives and Methods of Survey	8
0.3 Organization of the Book	12
1 Concepts and Framework of the Analysis	13
1.1 Concepts of Nomadic Pastoralism, Grazing Capacity, Land and Poverty	13
1.1.1 The concepts of nomadic pastoralism and grazing capacity	13
1.1.2 The concepts of land, land use rights and landlessness	18
1.1.3 The concept of poverty	21
1.2 Access to Land: A Framework for the Analysis	26
1.2.1 Access to land world-wide	26
1.2.2 The causes of landlessness and near-landlessness	30
1.2.3 Government policies towards landlessness	33
1.2.4 A framework for the analysis of landlessness	35
1.3 Summary and Conclusion	40
2 Kenya: Economy, Land and People	45
2.1 Introduction	45
2.2 The Kenyan Economy: Structure and Performance	47
2.2.1 Introduction	47
2.2.2 The Kenyan livestock sector	49
2.3 (Un)employment and Economic Development Policy	65
2.4 The Unequal Distribution of Land	69
2.4.1 Introduction	69
2.4.2 The distribution and availability of land	70
2.4.3 Kenyan land (use) policy	79
2.5 Summary and Conclusion	85
3 The Arid and Semi-Arid Lands (ASAL) of Kenya	89
3.1 Introduction	89
3.2 The Location and Main Characteristics of Arid and Semi-Arid Kenya	89
3.3 Cultivation in Kenya's Semi-Arid Lands	92
3.4 Livestock Production in Kenya's Arid and Semi-Arid Lands	95
3.5 Government Policy Towards the Arid and Semi-Arid Lands	103
3.6 Summary and Conclusion	112
4 Kajiado District: the Eastern Home of the Maasai	113
4.1 The Physical Environment and Natural Resources	113
4.1.1 Rainfall, evaporation and temperatures	115
4.1.2 The vegetation of Kajiado District	118

4.1.3	Agro-climatic zones and carrying capacity	120
4.2	Administrative and Political Units	
4.3	Kajiado District Human Population	128
4.3.1	Maasai origin and socio-culture: myths and facts	128
4.3.2	Population-numbers and structure	135
4.3.3	Education	139
4.3.4	Health sector	143
4.4	Economy, Employment and Land Use Patterns	143
4.4.1	The livestock sector	144
4.4.2	The agricultural sector	150
4.4.3	Other economic activities	158
4.5	Infrastructure	161
4.5.1	Urban areas and the transport network	161
4.5.2	Water facilities	163
4.5.3	Electricity and other sources of energy	164
4.5.4	Social infrastructure	164
5	Pre-Independence History of Land Use and Land Policy in Kajiado District	167
5.1	Introduction	167
5.2	Pre-Colonial - 1895: The Rise and Fall of Maasai Power and the Arrival of the Europeans	167
5.3	1895 - 1919: The Early Colonial Period, the Arrival of the White Settlers and the Loss of Maasai Pastures	173
5.3.1	Introduction	173
5.3.2	The First Maasai Move 1904: creation of a Northern and Southern Maasai Reserve	173
5.3.3	The Second Maasai Move 1911-12: creation of a single extended Southern Maasai Reserve	178
5.4	1920 - 1945: Kenya Colony and the Maasai; Alien Influx and Land Grievances	184
5.4.1	Introduction	184
5.4.2	Kajiado District administrative changes	186
5.4.3	Infiltration by other groups in the Maasai Reserve	187
5.4.4	Evidence and memoranda presented to the Carter Land Commission	191
5.4.5	Conclusions and recommendations of the Carter Land Commission	196
5.5	1946 - 1963: Late Colonial Period; Kajiado District Grazing Schemes, Infiltration, Emergency and Independence	197
5.5.1	The African land crisis	197
5.5.2	Administrative changes and boundary adjustments	201
5.5.3	The introduction of grazing schemes and individual ranches	204
5.5.4	Other land use developments in Kajiado District	212
5.6	Summary and Conclusion	218
6	Pre-Independence History of the Economy and of Development Policy in Kajiado District	221
6.1	The Maasai Economy and Early Colonial Economic Development Policy in Kenya Maasailand: 1895 - 1919	221

6.2	Economic Activities and Development Policy in Kajiado District: 1920 - 1945	226
6.2.1	Introduction	226
6.2.2	Economic activities and development efforts in Kajiado District: 1920-1945	227
6.3	Economic Activities and Economic Development Policy in Kajiado District: 1946 - 1963	243
6.3.1	Introduction	243
6.3.2	Late colonial economic development policy and activities in Kajiado District: 1946-1963	244
6.4	Summary and Conclusion	259
7	Kajiado Group Ranches: Creation, Performance and Subdivision	265
7.1	Introduction	265
7.2	The Creation of Group Ranches in Kajiado District	265
7.2.1	Diminishing opportunities for nomadic pastoralism around Independence	265
7.2.2	The Group Ranch concept: objectives and the search for traditional land units	269
7.2.3	The process of adjudication and registration of Group Ranches	273
7.2.4	The structure and administration of a Group Ranch	275
7.2.5	Poka pilot Group Ranch	276
7.2.6	Kajiado District Livestock Development Project Phase I, II and III	277
7.3	Kajiado District Group Ranch Performance	284
7.3.1	Achievements of the Kajiado District Group Ranch Project	284
7.3.2	Problems and failures of the Kajiado District Group Ranch Project	286
7.4	The Process of Subdivision of the Kajiado District Group Ranches	294
7.4.1	Introduction	294
7.4.2	The rationale for Group Ranch subdivision	295
7.4.3	The procedure of Group Ranch subdivision	301
7.4.4	The problematic process of Group Ranch subdivision	303
7.5	Land Pressures Building Up in Kajiado District: 1970 - 1990	308
7.5.1	Infiltration and cultivation by non-Maasai groups	308
7.5.2	Wildlife conservation and the creation of Amboseli National Park	318
7.6	Summary and Conclusion	324
8	The Impact of Subdivision of Olkinos and Emboloi Group Ranches	329
8.1	Introduction	329
8.1.1	The Characteristics of the sample population	329
8.2	Olkinos and Emboloi: the Earliest Subdivided Group Ranches	338
8.2.1	The outcome of the group ranch subdivision process	338
8.2.2	Changing residence patterns and social consequences	342
8.3	The Economic Viability of Allocated Plots	345
8.3.1	Introduction	345
8.3.2	Selfsufficiency threshold levels	346
8.3.3	Selfsufficiency versus size of allocated plots	347

8.4 The Ecological Viability of the Allocated Plots	352
8.4.1 Introduction	352
8.4.2 Water and forage availability in the areas of survey	354
8.4.3 Stocking densities	357
8.5 Changes in Herd Mobility After Subdivision	359
8.5.1 Grazing management	359
8.5.2 Fencing characteristics in the subdivided areas	362
8.6 Other Land Use Changes	364
8.6.1 Reserved grazing pastures (<i>Ol-okeri</i>)	364
8.6.2 Cultivated plots (<i>Shambas</i>)	365
8.6.3 Competition from wildlife	367
8.7 Summary and Conclusion	369
9 Partition, Transfer and Mortgage of Land in Subdivided Group Ranches in Kajiado District	383
9.1 Introduction	383
9.1.1 Land Control Board procedure	383
9.2 Land Actions Performed by the New Kaputiei Land Owners	385
9.2.1 Fragmentation of parcels by the new Kaputiei individual ranchers	385
9.2.2 Transfer of land among the new Kaputiei individual ranchers	385
9.2.3 Mortgage of land by the new Kaputiei individual ranchers	392
9.3 Land Buyers Personal Characteristics and Land Actions	396
9.4 Use of Loans and Money Obtained from the Sale of Land	400
9.5 A Review of Experiences of Individualization of African Pasture Land	408
9.6 Land Tenure and Livestock Development: A Review of Theoretical Considerations	411
9.6.1 Land tenure and land degradation	411
9.6.2 land tenure and commercialization	414
9.7 Summary and Conclusion	416
10 The Future of Maasai Pastoralism in Kajiado District	425
10.1 Introduction	425
10.2 The Personal Characteristics of the Sample Population	427
10.3 The Diversification of the Maasai Economy	431
10.4 The Intensification of the Maasai Economy	439
10.4.1 The intensification of livestock production	439
10.4.2 The intensification of cultivation	448
10.5 The Commercialization of the Maasai Economy	449
10.5.1 The selling of livestock	449
10.5.2 Selling hides and skins	453
10.5.3 The selling of milk	453
10.5.4 The selling of crops	454
10.6 Maasai Pastoralism in the 1990s	455
10.7 Summary and Conclusion	459
Summary and Conclusions	463
Bibliography	485
Curriculum Vitae	503

List of Tables

Table 1.1	Poverty in Kenya (1974)	22
Table 1.2	Average Annual Cash Income of Maasai Households, 1976, 1981-83	24
Table 1.3	Increase in (Agricultural) Population for Some Selected Developing Regions 1970-90 (in millions)	26
Table 1.4	Change in Main Types of Land Use (in '000 ha), 1974-89	27
Table 1.5	Developing Countries Estimated Landless and Near-Landless Population, 1980-85	28
Table 1.6	Distribution of Land and Landlessness for Selected Countries	29
Table 2.1	<i>Projected Population by Selected Groups in Kenya, 1989</i>	47
Table 2.2	Basic Indicators for Social and Economic Development	48
Table 2.3	Structure and Growth of Production Kenya and the World, 1965-90	48
Table 2.4	Gross Value of Marketed Output of Some Major Agricultural Commodities at Constant 1972 Prices (K£ million)	50
Table 2.5	Livestock Population by Zones and Production Systems ('000 head)	51
Table 2.6	Total Number of Livestock Species in Kenya, 1960-90	53
Table 2.7	Amount of Land Available for Grazing (Million Hectares) and Carrying Capacity (Million Livestock Units) per Zone, 1975-90	54
Table 2.8	Projected and Actual (Officially) Slaughtered Meat of Bovines, Small Stock and Pigs and Potential Availability for Export in Kenya 1980-85 ('000 Tons)	55
