**SECTION 1**

**Methods and Issues**

<b>1 Introduction</b>	<b>3</b>
HEALTH AND HUMAN BEHAVIOR	5
THE AGE OF CHRONIC ILLNESS	6
MODELS OF MEDICAL CARE	7
THE CHANGING FACE OF HEALTH CARE	8
BEYOND MEDICAL CARE	9
SOME BASIC DEFINITIONS	9
What Is Health?	9
What Is Psychology?	10
What Is Health Psychology and Behavioral Medicine?	10
Health Psychology and Its Relationship to Other Fields of Study	12
A BRIEF HISTORY	13
THE CONTEMPORARY SCENE: HEALTHY PEOPLE 2000	14
PLANNING FOR THE NEXT CENTURY	15
HEALTH, BEHAVIOR, AND YOU	17
KEY TERMS	18
<b>2 Behavioral Epidemiology</b>	<b>20</b>
WHAT IS EPIDEMIOLOGY?	21
BEHAVIORAL EPIDEMIOLOGY	25
EPIDEMIOLOGIC METHODOLOGY	26
EPIDEMIOLOGIC MEASURES	26
Cohort Study	27
Panel Study	27

Case-Control Study	28
Experimental Studies	28
<b>MAJOR EPIDEMIOLOGIC STUDIES</b>	<b>29</b>
Framingham Heart Study	29
Alameda County Study	30
The Stanford Three-Community Studies	31
<b>PERSON, PLACE, AND TIME IN EPIDEMIOLOGICAL STUDIES</b>	<b>32</b>
Person	32
Place	32
Time	33
<b>SUMMARY</b>	<b>38</b>
<b>KEY TERM</b>	<b>38</b>
<b>3 Understanding and Changing Health Behaviors</b>	<b>39</b>
THE CHALLENGE OF HEALTH BEHAVIOR CHANGE	39
RESPONDENT AND OPERANT LEARNING	42
Principles of Respondent Learning	42
Operant Learning	44
SOCIAL COGNITIVE THEORY	50
THE HEALTH BELIEF MODEL	52
THE THEORY OF REASONED ACTION	53
THE COMMUNICATION-BEHAVIOR CHANGE MODEL	55
THE PRECEDE-PROCEED MODEL	56
THE TRANSTHEORETICAL MODEL	58
CONCLUDING THOUGHTS ON MODELS	59
CHANGING HEALTH BEHAVIORS	59
Self-Directed Behavior Change	60
Are Behavioral Methods Effective?	69
<b>SUMMARY</b>	<b>69</b>

KEY TERMS (AND THE NAMES ASSOCIATED WITH THEM)	70	SUMMARY	98
<b>4 The Health Care System</b>	<b>71</b>	KEY TERMS	99
WHY PEOPLE USE HEALTH SERVICES	72		
MODELS OF HEALTH SERVICE USE	74		
THE HEALTH CARE CRISIS	75		
THE COST PROBLEM	76		
SMALL AREA VARIATION STUDIES	76		
IS MORE BETTER?	77		
COST CONTAINMENT	79		
IS HEALTH PROMOTION A PROFITABLE HEALTH SERVICE?	81		
INDUSTRY AND HEALTH OUTCOMES	82		
COMPARATIVE HEALTH CARE SYSTEMS	83		
SUMMARY	86		
KEY TERMS	86		
<b>5 Compliance with Medical Regimens</b>	<b>87</b>		
PHYSICIAN AWARENESS OF THE PROBLEM	88		
THEORIES ABOUT COMPLIANCE	89		
HOW DO WE MEASURE COMPLIANCE?	89		
SOCIODEMOGRAPHIC CHARACTERISTICS	92		
PERSONALITY FACTORS	92		
THE RATIONAL PATIENT	93		
DIRECT EFFECTS OF COMPLIANCE	94		
IMPROVING SELF-REPORTING OF COMPLIANCE	96		
		<b>SECTION 2</b>	
		<b>Life Stress</b>	
		<b>6 Stress and Coping</b>	<b>102</b>
		DEFINITION OF STRESS	104
		FOCUS ON THE STRESS RESPONSE	106
		FOCUS ON STRESSORS	108
		FOCUS ON LIFE EVENTS	109
		MODELS OF STRESS	114
		LIFE EVENTS AND THE PREDICTION OF ILLNESS	115
		Multiple Sclerosis	115
		Myocardial Infarction	116
		Cancer	116
		Infections	117
		Depression	117
		THE STRESS RESPONSE	118
		SOCIAL SUPPORT, DISEASE, AND IMMUNE STATUS	120
		DEPRESSION, DISEASE, AND IMMUNE FUNCTION	121
		OTHER PHYSIOLOGIC INDICATORS OF STRESS	121
		STRESS AND APPRAISAL	122
		STRESS AND COPING	123
		LOGICAL PROBLEMS IN ASSESSING STRESS RESEARCH	124
		STRESS AS A PERFORMANCE ENHANCER	126
		STRESS AND POSITIVE HEALTH OUTCOMES	127
		WHO STAYS HEALTHY UNDER STRESS?	127

MANAGEMENT OF STRESS	128	EPIDEMIOLOGY	164
SUMMARY	130	ARTHRITIS AND	
KEY TERMS	130	MUSCULOSKELETAL	
		DISORDERS	165
<b>7 Social Support</b>	<b>132</b>	OSTEOARTHRITIS	166
THE EPIDEMIOLOGY OF SOCIAL		RHEUMATOID ARTHRITIS	167
NETWORKS AND HEALTH		SYSTEMIC LUPUS	168
OUTCOMES	133	FIBROSITIS	169
HOW IS SOCIAL SUPPORT		OTHER RHEUMATIC DISEASES	170
MEASURED?	134	THE IMPACT OF ARTHRITIS ON	
HOW CAN SOCIAL		BEHAVIOR	170
RELATIONSHIPS IMPACT UPON		THE MEASUREMENT OF	
HEALTH OUTCOMES?	138	CLINICAL OUTCOMES IN	
Causal Modeling	139	ARTHRITIS	171
Illness Causes Disruption		HISTORICAL APPROACHES	172
in Social Support	139	ARTHRITIS-SPECIFIC MEASURES	172
Third Variable Explanations	139	ARTHRITIS IMPACT	
Low Social Support Causes Mortality	140	MEASUREMENT SCALE (AIMS)	173
THEORIES OF HOW SOCIAL		HEALTH ASSESSMENT	
SUPPORT AFFECTS HEALTH	141	QUESTIONNAIRE (HAQ)	173
The Main-Effects Model	141	PSYCHOLOGICAL ISSUES IN PAIN	
The Stress-Buffering Model	143	AND ARTHRITIS	174
IS SOCIAL SUPPORT IMPORTANT		CHRONIC PAIN AND DEPRESSION	174
RELATIVE TO OTHER RISK		SOCIAL SUPPORT IN ARTHRITIS	176
FACTORS?	145	TREATMENT OF CHRONIC PAIN	177
SOCIAL SUPPORT IN CHRONIC		UNPROVEN REMEDIES	180
ILLNESS	148	SUMMARY	181
Asthma	149	KEY TERMS	182
Coronary Heart Disease	150		
Back Pain	152	<b>9 Diabetes</b>	<b>183</b>
SUMMARY	154	PATHOPHYSIOLOGY	185
KEY TERMS	155	Regulation of Blood Sugar	186
		The Complications of Diabetes	188
		EPIDEMIOLOGY	190
		Controversies about Treatment	191
		The UGDP Controversy	192
		The Patient's Role	194
		Patient Factors in Diabetes	194

**SECTION 3****Chronic Illnesses**

<b>8 Pain and Arthritis</b>	<b>159</b>
PAIN VERSUS NOCICEPTION	161
CURRENT MODELS OF PAIN	163

PATHOPHYSIOLOGY	357	<b>17 Obesity</b>	<b>396</b>
HEALTH BENEFITS FOR CHILDREN	359	EPIDEMIOLOGY	400
ETIOLOGY	360	OTHER HEALTH RISKS OF OBESITY	401
TREATMENT	366	ETIOLOGY	403
PREVENTION	368	Genetic Factors	403
SUMMARY	369	Physiological Factors	403
KEY TERMS	369	Psychological Factors	405
<b>16 Smoking</b>	<b>370</b>	TREATMENT	408
INTRODUCTION	371	PREVENTION OF OBESITY	413
EPIDEMIOLOGY	373	SUMMARY	414
Patterns of Cigarette Use—Who Smokes?	373	KEY TERMS	415
The Epidemiology—Smoking or Health?	375	<b>18 Person Factors: Personality and Demographic Influences on Health</b>	<b>416</b>
The Smoking and Health “Controversy”	377	TYPE A BEHAVIOR AND ITS COMPONENTS	417
PATHOPHYSIOLOGY	377	Competitiveness and Achievement Striving	418
Nicotine	378	Time Urgency and Impatience	418
Tars	378	Hostility and Aggressiveness	418
Carbon Monoxide	378	ASSESSING TYPE A BEHAVIOR	418
ETIOLOGY	378	TYPE A BEHAVIOR AS A CVD RISK FACTOR	419
Initiation of Smoking	378	Components of Type A Behavior	422
Regular Smoking	379	Treatment of Type A Behavior	424
Smoking Cessation	381	HEALTH LOCUS OF CONTROL	427
Maintenance or Relapse	384	OPTIMISM	429
TREATMENT	384	PERSONALITY AND CANCER OUTCOME	430
Reducing Psychological Dependence	384	DEMOGRAPHIC FACTORS	432
Reducing Physiological Dependence	386	Social Class, Race, and Poverty	432
Maintenance and Relapse Prevention	387	Older Adults	435
Comprehensive Programs for Cessation and Relapse Prevention	388	SUMMARY	435
SMOKING PREVENTION	390	KEY TERMS	436
New Approaches to Tobacco Control	392		
SUMMARY	394		
KEY TERMS	394		

<b>19 Community Interventions</b>	<b>437</b>	<b>HEALTH PROMOTION ACTIVITIES IN COMMUNITIES</b>	<b>456</b>
THE COMMUNITY APPROACH TO DISEASE PREVENTION	438	SUMMARY	456
CONTRASTING INDIVIDUAL AND COMMUNITY APPROACHES TO HEALTH BEHAVIOR CHANGE	438	KEY TERMS	457
<b>THEORETICAL BASIS FOR COMMUNITY-BASED CVD PREVENTION</b>	<b>442</b>		
Social Cognitive Theory	442		
The Communication-Behavior Change Framework	442		
The Social Marketing Framework	442		
The Community Organization Framework	442		
The Social Ecology Framework	443		
<b>COMMUNITY-BASED HEALTH PROMOTION PROGRAMS</b>	<b>444</b>		
The North Karelia Project	444		
The Stanford Three-Community Study	445		
The Stanford Five-City Project	445		
The Minnesota Heart Health Program	447		
The Pawtucket Heart Health Program	447		
<b>STRATEGIES OF COMMUNITY- BASED HEALTH PROMOTION</b>	<b>449</b>		
Mass Media	449		
Risk Factor Screening Programs at Work Sites and Other Community Settings	451		
Health Promotion Competitions	452		
<b>ENVIRONMENTAL AND POLICY CHANGES</b>	<b>453</b>		
		<b>SECTION 5</b>	
		<b>Summary</b>	
		<b>20 For Those Interested in More Information about the Field of Health Psychology</b>	<b>461</b>
		<b>ORGANIZED HEALTH PSYCHOLOGY</b>	<b>461</b>
		<b>WHAT DO HEALTH PSYCHOLOGISTS DO?</b>	<b>462</b>
		Patient Care	462
		Community Work	462
		Teaching	462
		<b>RELATIONSHIPS WITH OTHER PROFESSIONALS</b>	<b>462</b>
		<b>TRAINING ISSUES</b>	<b>463</b>
		Medical School	463
		Public Health School	464
		Psychology Training in Programs	465
		<b>SUMMARY</b>	<b>466</b>
		<b>KEY TERMS</b>	<b>466</b>
		<i>Bibliography</i>	<i>481</i>
		<i>Name Index</i>	<i>533</i>
		<i>Subject Index</i>	<i>548</i>
