

CONTENTS

0. <u>Introduction</u>		
I. <u>Extensions of the Predator-Prey-Model of a Growth Cycle</u>		1 - 72
Van der Ploeg, F.	Implications of Workers' Savings for Economic Growth and the Class Struggle	1
Di Matteo, M.	Alternative Monetary Policies in a Classical Growth Cycle	14
Glombowski, J./ Krüger, M.	Unemployment Insurance and Cyclical Growth	25
Balducci, R./ Candela, G./ Ricci, G.	A Generalization of R. Goodwin's Model with Rational Behaviour of Economic Agents	47
Goodwin, R. M.	Disaggregating Models of Fluctuating Growth	67
II. <u>Further Contributions to a Theory of Fluctuating Growth</u>		73 - 145
Benhabib, J./ Nishimura, K.	Cyclical Input Demands and the Adjustment Cost Theory of the Firm	73
Gordon, D. M./ Weisskopf, Th. E./ Bowles, S.	Long-Term Growth and the Cyclical Restoration of Profitability	86
Flaschel, P.	The Inflation-Based 'Natural' Rate of Unemployment and the Conflict over Income Distribution	103
Thio, K. B. T.	Cyclical and Structural Aspects of Unemployment and Growth in a Nonlinear Model of Cyclical Growth	127

<u>III. On New Mathematical Methods and Methodological Concepts</u>		146 - 231
Cugno,F./	Some New Techniques for Modelling Nonlinear	146
Montrucchio,L.	Economic Fluctuations: A Brief Survey	
Medio,A.	Synergetics and Dynamic Economic Models	166
Silverberg,G.	Embodied Technical Progress in a Dynamic Economic Model: The Self-Organization Paradigm	192
Vercelli,A.	Fluctuations and Growth: Keynes, Schumpeter, Marx, and the Structural Instability of Capitalism	209
<u>IV. Econometric Models</u>		232 - 277
Gandolfo,G./	Cyclical Growth in a Nonlinear Macrodynamical Model	232
Padoan,P.C.	of the Italian Economy	
Desai,M.	An Econometric Model of the Shares of Wages in National Income: UK 1855 - 1965	253
