| PREFACE TO THE FIRST EDITION                               | xi |
| <br>   |    |
| <i>Chapter 1</i>   |    |
| The State of American Linguistics in the Mid 1950s         | 1  |
| 1.1 A Period of Optimism                                   | 1  |
| 1.2 Structural Linguistics                                 | 3  |
| 1.3 Clouds on the Horizon                                  | 11 |
| <br>   |    |
| <i>Chapter 2</i>   |    |
| The Chomskyan Revolution                                   | 17 |
| 2.1 Overview   | 17 |
| 2.2 <i>Syntactic Structures</i>                            | 18 |
| 2.3 Noam Chomsky   | 28 |
| 2.4 Generative Phonology                                   | 31 |
| 2.5 Winning the Revolution                                 | 35 |
| 2.6 The Growth of the Field                                | 44 |
| 2.7 The Early Impact of Generative Grammar on Other Fields | 51 |

|  |     |
|--|-----|
| <i>Chapter 3</i>   |     |
| From <i>Syntactic Structures</i> to <i>Aspects of the Theory of Syntax</i> | 55  |
| 3.1 Introduction   | 55  |
| 3.2 Revisions in the Syntactic Component: 1957–1965                        | 55  |
| 3.3 The Incorporation of Semantics into the Model                          | 65  |
| 3.4 Some Assumptions Made Explicit   | 71  |
| 3.5 The <i>Aspects</i> Model   | 73  |
| <br>   |     |
| <i>Chapter 4</i>   |     |
| The Rise of Generative Semantics   | 81  |
| 4.1 The Syntax Explosion   | 81  |
| 4.2 The Steps to Generative Semantics                                      | 82  |
| 4.3 Early Generative Semantics   | 92  |
| 4.4 Case Grammar   | 103 |
| 4.5 The Emerging Opposition to Generative Semantics                        | 106 |
| 4.6 Syntactic Theory in 1970: A Synopsis                                   | 114 |
| <br>   |     |
| <i>Chapter 5</i>   |     |
| The Linguistic Wars  | 117 |
| 5.1 Introduction   | 117 |
| 5.2 Late Generative Semantics  | 117 |
| 5.3 Generative Semantics under Attack                                      | 126 |
| 5.4 The Collapse of Generative Semantics                                   | 132 |
| 5.5 The Legacy of Generative Semantics                                     | 138 |
| <br>   |     |
| <i>Chapter 6</i>   |     |
| The Extended Standard Theory   | 139 |
| 6.1 The 1970 Interpretive Model  | 139 |
| 6.2 Constraints on Transformational Rules                                  | 145 |
| 6.3 Constraints on Base Rules  | 151 |
| 6.4 Constraints on Surface Structure                                       | 154 |
| 6.5 The Trace Theory of Movement Rules                                     | 156 |

|  |     |
|--|-----|
| <i>Chapter 7</i>   |     |
| The New Consensus and the New Rift<br>in Generative Syntax | 171 |
| 7.1 The Post-Generative Semantics Consensus                | 171 |
| 7.2 The New Rift   | 186 |
| <br>   |     |
| <i>Chapter 8</i>   |     |
| Current Approaches to Syntax                               | 197 |
| 8.1 Work in Progress                                       | 197 |
| 8.2 The Government-Binding Theory                          | 197 |
| 8.3 Generalized Phrase Structure Grammar                   | 209 |
| 8.4 Relationally Based Models of Grammar                   | 215 |
| 8.5 The Current Debate within Generative Syntax            | 223 |
| 8.6 The Status of Generative Grammar                       | 227 |
| <br>   |     |
