

International Science Between the World Wars

The case of genetics

Nikolai Krementsov

Contents

<i>List of plates</i>	xi
<i>List of abbreviations</i>	xiii
<i>Preface</i>	xv
Prologue: a forty-year long road	1
<i>Genetics as an international discipline</i>	3
<i>Between “nationalism” and “internationalism”: institutions, ideologies, and networks</i>	4
<i>International science between the world wars: politics, patronage, and disciplines</i>	6
<i>“Dual loyalties”</i>	9
PART I	
International genetics congresses, 1899–1939	11
1 Genetics as an international science	13
<i>Building an international discipline</i>	13
<i>“Acclimatization” of genetics in Russia</i>	19
<i>The road to Berlin</i>	23
<i>US and Soviet genetics</i>	30
2 The road to Moscow	34
<i>The Great Break</i>	34
<i>The road to Ithaca</i>	36
<i>Setting up the Moscow congress</i>	42
<i>Cancellation turned postponement</i>	46

3	The road to Edinburgh	53
	<i>Oslo</i>	53
	<i>Moscow</i>	57
	<i>Between worlds</i>	62
	<i>Edinburgh</i>	68
PART II		
Between patrons and peers		73
4	Soviet geneticists and their patrons	75
	<i>Party patrons and international science</i>	75
	<i>From invitation to cancellation</i>	79
	<i>From cancellation to re-invitation</i>	91
	<i>From Moscow to Edinburgh</i>	97
5	Soviet geneticists and their peers	101
	<i>The international community and its Soviet branch</i>	101
	<i>The personal</i>	104
	<i>The collective</i>	107
	<i>The political</i>	112
	<i>The “apolitical”</i>	119
6	International science: ideologies, patrons, and networks	124
	<i>Dual loyalties</i>	125
	<i>“Academic” versus “applied” genetics</i>	131
	<i>Networks of trust</i>	136
	Epilogue: another forty-year long road	143
	<i>Notes</i>	149
	<i>Index</i>	181
