

Contents

List of Contributors	XI
Phonetic Alphabets	XIII
General Introduction	XV
Part I: Case Studies of Acquired Surface Dyslexia	1
Introduction	3
1. Whole-word and Analytic Translation of Spelling to Sound in a Non-semantic Reader <i>D. Bub, A. Cancelliere, A. Kertesz</i>	15
Clinical History	16
Comprehension	16
Lexical Processing	20
Orthographic and Lexical Processes in Reading	21
Lexical Impairment—Recognition or Retrieval?	27
Discussion	30
Acknowledgements	31
References	31
Appendix	32
2. Reading and Writing by Letter Sounds <i>F. Newcombe, J. C. Marshall</i>	35
Introduction	35
Case Report	38
Neuropsychological Profile	38
Neurological Status	40
Characteristics of Reading and Writing	40
Lexical Decision	44
Comprehension of the Written Word	46
Conclusions	47
References	48
Appendix	50

VI CONTENTS

3. Lexicalisation and Reading Performance in Surface Dyslexia		
<i>E. M. Saffran</i>	53	
Case Report	54	
Reading and Writing	54	
The Lexicalisation Analysis	56	
Discussion	60	
Acknowledgements	63	
References	64	
Appendix I	64	
Appendix II	66	
Appendix III	70	
Part II: Comprehension in Surface Dyslexia	73	
Introduction	75	
4. Routes to Meaning in Surface Dyslexia	<i>J. Kay, K. E. Patterson</i>	79
Introduction	79	
Case Report	81	
Clinical Assessment of Language Abilities	83	
Discussion	92	
Summary	99	
Acknowledgements	100	
References	100	
Appendix I	102	
Appendix II	103	
5. Routes and Strategies in Surface Dyslexia and Dysgraphia	<i>H. Kremin</i>	105
Case Report	106	
Reading	107	
Comprehension of Written Material	115	
Repetition	116	
Oral Naming	117	
Writing	119	
Written Naming	121	
Recognition of Orthography	122	
Comments	123	
Acknowledgements	134	
References	134	
Appendix	137	
6. Common Mechanisms in Dysnomia and Post-semantic Surface Dyslexia: Processing Deficits and Selective Attention	<i>D. I. Margolin, A. J. Marcel,</i> <i>N. R. Carlson</i>	139
Introduction	139	
Case Report	142	
Reading and Naming Performance	144	
Discussion	156	
Acknowledgements	164	
References	164	
Appendix I	167	

Appendix II	168	
Appendix III	169	
Appendix IV	169	
Appendix V	170	
Appendix VI	171	
Appendix VII	172	
7. Word Comprehension in Surface Dyslexia	<i>M.-C. Goldblum</i>	175
Introduction	175	
Case Report	178	
Reading Examination	179	
Naming	195	
Discussion	197	
Acknowledgements	202	
References	203	
Appendix I	205	
Part III: Surface Dyslexia in Various Orthographies		207
Introduction	209	
8. Surface Dyslexia in a Language Without Irregularly Spelled Words		
<i>J. Masterson, M. Coltheart, P. Meara</i>		215
Introduction	215	
Case Report	217	
Testing in English	218	
Testing in Spanish	221	
Conclusions	222	
References	223	
9. Surface Dyslexia and Dysgraphia: How Are They Manifested in Japanese?	<i>S. Sasanuma</i>	225
Introduction	225	
Case Report	226	
Investigation of Reading and Writing Abilities	226	
General Discussion	239	
Acknowledgements	248	
References	248	
10. Dyslexia in a Dravidian Language	<i>P. Karanth</i>	251
The Phonology of Kannada	251	
The Orthography of Kannada	252	
Illustrative Data	256	
Discussion	257	
Acknowledgements	259	
References	259	
Part IV: Surface Dyslexia and the Development of Reading		261
Introduction	263	
11. Surface Dyslexia: Variations Within a Syndrome	<i>C. M. Temple</i>	269
An Expansion of the Representation of the Phonological Route	272	
Case Reports	277	
Summary	286	

VIII CONTENTS

Acknowledgements	287
References	287
12. On How We Read Non-Words: Data From Different Populations	
<i>J. Masterson</i>	289
What is "Normal" Performance?	291
Qualitative Comparisons	293
References	299
13. Beneath the Surface of Developmental Dyslexia	<i>U. Frith</i> 301
Are Comparisons Between Developmental and Acquired Disorders Meaningful?	301
What is a Developmental Disorder?	303
A Theory of Reading Acquisition	305
From Three-Phase to Six-Step Model	310
Some Testable Predictions	312
Possible Outcomes of Developmental Reading Failure	315
An <i>e</i> -Cancellation Experiment with Type-B Spellers	321
Subtypes of Developmental and Acquired Reading and Writing Disorders	323
Summary and Conclusions	324
Acknowledgements	326
References	326
Part V: Modelling the Pronunciation of Print	331
Introduction	333
14. From Orthography to Phonology: An Attempt at an Old Interpretation	<i>K. E. Patterson, J. Morton</i> 335
Introduction	335
A Modified Standard Model	342
Analogy Theory	353
Conclusion	357
References	358
15. Phonological Reading: From Patterns of Impairment to Possible Procedures	<i>T. Shallice, R. McCarthy</i> 361
Introduction	361
Surface Dyslexia and Letter-sound by Letter-sound Reading	365
The Implications of Semantic Dyslexia	372
Can These Theories be Implemented?	374
The Multiple-Levels Approach	376
References	390
Appendix I	393
Appendix II	394
16. The "Phonemic" Stage in the Non-lexical Reading Process: Evidence from a Case of Phonological Alexia	<i>J. Derouesné, M.-F. Beauvois</i> 399
Introduction	399
Case Report	403
Effect of Homophony on Non-Word Reading	410
Level of the Impairment	425

The Building of the Phonological Form	431
Discussion	434
Acknowledgements	441
References	441
Appendix I	443
Appendix II	451
Appendix III	455
Appendix IV	456
17. Issues in the Modelling of Pronunciation Assembly in Normal Reading	<i>L. Henderson</i> 459
English Orthography	459
Evidence From Speeded Naming	469
Theoretical Issues	488
Acknowledgements	504
References	504
Part VI: Neurological Appendix	509
18. CT Scan Correlates of Surface Dyslexia	<i>M. Vanier, D. Caplan</i> 511
Patient M. P.	512
Patient B. F.	513
Patient H. A. M.	515
Patient R. F.	515
Patient L. B.	516
Patient E. S. T.	518
Patient S. U.	520
General Conclusions	521
Acknowledgements	522
References	522
Appendix	522
CAT Scans	i-xxxii
Author Index	527
Subject Index	537
