|   | <i>List of Figures</i>  | xi            |
| 1 | Introduction  | 1             |
|   | 1.1 The need for this book  | 1             |
|   | 1.2 The approach followed here, to fill the need                      | 3             |
|   | 1.3 Core of the account to be given                                   | 4             |
|   | 1.4 Advantages of the account   | 5             |
|   | 1.5 Outline of the book   | 5             |
|   | 1.6 Further significance of the explanation to be given               | 6             |
|   | 1.7 Conventions to be used  | 7             |
| 2 | Zones, and types of order   | 8             |
|   | 2.1 Introduction  | 8             |
|   | 2.2 Zones of premodification  | 8             |
|   | 2.3 Types of order  | 19            |
|   | 2.4 Conclusion: the nature of premodifier order                       | 21            |
| 3 | Semantic explanation of unmarked order across the zones               | 23            |
|   | 3.1 Introduction  | 23            |
|   | 3.2 Semantic structure of Classifiers                                 | 37            |
