CONTENTS

Preface	ix
Notes on Transcriptions	x

Chapter 1 Introduction 1

1. Objectives and Outline	1
2. Morphosyntactic Characteristics of TE-Linkage	2
2.1 Verbal Suffix TE	2
2.2 Conventional Categorization of TE-Constructions	4
2.3 Coordination-Subordination Dichotomy	8
2.3.1 Definitions	8
2.3.2 Problems	9
2.3.3 Coordination-Subordination Continuum	10
2.3.4 Seven Parameters	12
2.3.5 Coordination-Subordination-Cosubordination	16
3. Meaning of Connectives	17
3.1 Independent and Dependent Semantic Aspects	18
3.2 Implicature	19
3.3 Constraints on TE-Linkage	23
3.3.1 TEMPORAL SEQUENCE Relation and TE-Linkage	23
3.3.2 ADDITIVE Relation and TE-Linkage	23
3.3.3 CAUSE Relation and TE-Linkage	24
3.4 Imai and Suto's Experiment	27
4. Decoding and Encoding Idioms	30
5. Grammatical Constructions	32
6. Summary	33

Chapter 2 Basic Concepts in Role and Reference Grammar of Japanese 35

1. The Layered Structure of the Clause	36
--	----

2.	Focus Structures	37
3.	Operators	41
4.	Juncture and Nexus	46
5.	Linkage Types	46
5.1	Clausal Subordination	46
5.2	Clausal Coordination	49
5.3	Clausal Cosubordination	49
5.4	Core Subordination	51
5.5	Core Coordination	52
5.6	Core Cosubordination	54
5.7	Nuclear Juncture	55
6.	Lexical Representation of Verbals	57
6.1	Vendler-Dowty Verb Classes	57
6.2	Thematic Relations	61
6.3	Macroroles	63
6.4	The Actor-Undergoer Hierarchy	64

Chapter 3 TE-Linkage with Nuclear Juncture: Part I 66

1.	Nuclear vs. Core/Clausal Juncture	67
1.1	Diagnostic Tests	67
1.2	Propositionality	69
2.	TE SIMAW-Construction	70
2.1	Nuclear Subordination	70
2.2	Makiuchi's Analysis	71
2.3	Nuclear-Layer Modification: Operator Construction	74
2.4	Contextual Effects	76
2.5	Modality of Regret/Surprise	78
2.6	Obligatory Modality Interpretation	80
2.6.1	Punctual Achievements	80
2.6.2	Statives	80
2.7	Obligatory Absence of Modality Interpretation	81
2.8	Interpretation of Accomplishments	81
2.9	TE-Predicates Which Permit [\pm Perfective]	82
2.10	How Many TE SIMAW-Constructions?	83
3.	TE AR-Constructions	84
3.1	Verbs of Existence	84
3.2	Valence-Maintaining vs. Valence-Changing Construction	86

- 3.3 Nuclear Subordination vs. Nuclear Coordination 86
- 3.4 Argument Selection in Nuclear Coordination: Macroroles 88
- 3.5 Perfect vs. Resultative 91
- 3.6 Monovalent-Nonlocational vs. Bivalent-Locational Resultative 99
- 3.7 Assertion vs. Implication of the Past Event 102
- 4. Summary 106

Chapter 4 TE-Linkage with Nuclear Juncture: Part II 107

- 1. Prototype Semantics 107
- 2. The Verbs K- and IK- 110
 - 2.1 Concepts Involved in K- and IK- 110
 - 2.2 Canonical Usages of K- and IK- 112
 - 2.3 Metaphorical Extensions of K- and IK- 117
 - 2.4 Interpretation of Tense Markers 118
- 3. Aktionsart of TE-Predicates 119
- 4. Deictic THERE-Constructions 120
- 5. General Remarks on TE-Constructions 122
- 6. Physical-Space TE K-/IK-Constructions 123
 - 6.1 Prototype: Physical-Motion TE-Construction 123
 - 6.2 Point-of-View TE-Construction 124
 - 6.2.1 Subtype: Moving-Scenery TE-Construction 125
 - 6.3 Transfer TE-Construction 126
 - 6.3.1 Subject-Centered TE-Predicates 127
 - 6.4 Summary of Physical-Space TE-Constructions 130
- 7. Cognitive TE-Construction 131
- 8. Moving-World TE-Construction 133
- 9. Moving-Time TE-Construction 137
- 10. Syntax of the TE K-/IK-Constructions 138
 - 10.1 Nuclear Subordination 138
 - 10.2 Nuclear Coordination 140
- 11. Summary 144

Chapter 5 TE-Linkage with Core Juncture 149

1. Core Subordination 151
2. Non-Embedded Nexus Types 156
3. Semantic Relations in Non-Embedded Core Juncture 162
 - 3.1 Core Coordination 162
 - 3.2 Core Cosubordination 166
4. Summary 174

Chapter 6 TE-Linkage with Clausal Juncture 176

1. Clausal vs. Core Juncture with Non-Embedded Nexus 176
2. Nexus Types 180
3. CAUSE Relation 181
 - 3.1 TEMPORAL SEQUENCE 181
 - 3.2 Causation 184
 - 3.3 Causes and Reasons 191
4. Inferred Intention 195
5. Kuno's Controllability Constraint 196
6. Abductive Interpretation of Reality and CONTRASTIVE Relation 201
 - 6.1 Abductive Reasoning 201
 - 6.2 CONTRASTIVE Relation 204
7. SETTING and the Adclausal Nature of the First Conjunct 206
 - 7.1 Topic-Worthiness 206
 - 7.2 SETTING Relation 208
8. Summary 209

Chapter 7 Concluding Remarks 211

1. Nuclear Juncture 213
2. Core Juncture 214
3. Clausal Juncture 215
4. TE-Linkage Interpretation Principle 216
