Stereochemistry	1
J. F. Stoddart, <i>University of Sheffield</i>	
Mass spectrometry	29
J. M. Wilson, <i>University of Manchester</i>	
Ultraviolet and visible spectroscopy	63
C. J. Timmons, <i>University of Nottingham</i>	
Chiroptical properties	85
D. Neville Jones, <i>University of Sheffield</i>	
Nuclear magnetic resonance spectroscopy	123
I. O. Sutherland, <i>University of Sheffield</i>	
X-ray crystallography	159
A. F. Cameron, <i>University of Glasgow</i>	
Structure of reaction intermediates	181
J. McKenna, <i>University of Sheffield</i>	
Natural products—structure determination	215
E. Haslam, <i>University of Sheffield</i>	
From meso- to macro-structure: nucleic acids	249
G. M. Blackburn, <i>University of Sheffield</i>	
Biosynthetic studies and structure elucidation	283
R. Ramage, <i>University of Liverpool</i>
