

Contents

| | |
|--|-----|
| Basic notation | vii |
| Chapter 1. Introduction | 1 |
| 1.1. Background | 1 |
| 1.2. Ulyanov inequalities for moduli of smoothness | 2 |
| 1.3. Specifics of the case $0 < p < 1$ | 6 |
| 1.4. Moduli of smoothness, K -functionals, and their realizations | 7 |
| 1.5. Main tool: Hardy–Littlewood–Nicol’skii polynomial inequalities | 8 |
| 1.6. Main goals and work organization | 9 |
| Chapter 2. Auxiliary results | 11 |
| 2.1. Besov and Triebel–Lizorkin spaces and their embeddings | 11 |
| 2.2. Fourier multipliers | 12 |
| 2.3. Estimates of L_p -norm of an integrable function in terms of its Fourier coefficients | 13 |
| 2.4. Estimates of L_p -norms of polynomials related to Lebesgue constants | 14 |
| 2.5. Hardy–Littlewood type theorems for Fourier series with monotone coefficients | 16 |
| 2.6. Weighted Hardy’s inequality for averages | 17 |
| Chapter 3. Polynomial inequalities of Nikol’skii–Stechkin–Boas–types | 19 |
| Chapter 4. Basic properties of fractional moduli of smoothness | 25 |
| Chapter 5. Hardy–Littlewood–Nicol’skii inequalities for trigonometric polynomials | 31 |
| 5.1. Hardy–Littlewood–Nicol’skii (L_p, L_q) inequalities for $0 < p \leq 1$ | 35 |
| 5.2. Hardy–Littlewood–Nicol’skii (L_p, L_q) inequalities for $1 < p < q \leq \infty$ | 44 |
| 5.3. Hardy–Littlewood–Nicol’skii (L_p, L_q) inequalities for directional derivatives | 46 |
| Chapter 6. General form of the Ulyanov inequality for moduli of smoothness, K -functionals, and their realizations | 51 |
| Chapter 7. Sharp Ulyanov inequalities for K -functionals and realizations | 55 |
| Chapter 8. Sharp Ulyanov inequalities for moduli of smoothness | 67 |
| 8.1. One-dimensional results | 67 |
| 8.2. Comparison between the sharp and classical Ulyanov inequalities | 68 |
| 8.3. Multidimensional results | 70 |

| | |
|--|-----|
| Chapter 9. Sharp Ulyanov inequalities for realizations of K -functionals related to Riesz derivatives and corresponding moduli of smoothness | 75 |
| Chapter 10. Sharp Ulyanov inequality via Marchaud inequality | 79 |
| 10.1. Inequalities for realizations of K -functionals | 79 |
| 10.2. Inequalities for moduli of smoothness | 84 |
| Chapter 11. Sharp Ulyanov and Kolyada inequalities in Hardy spaces | 87 |
| 11.1. Sharp Ulyanov and Kolyada inequalities in $H_p(\mathbb{R}^d)$ | 87 |
| 11.2. Sharp Ulyanov and Kolyada inequalities in analytic Hardy spaces | 91 |
| Chapter 12. (L_p, L_q) inequalities of Ulyanov-type involving derivatives | 95 |
| Chapter 13. Embedding theorems for function spaces | 101 |
| 13.1. New embedding theorems for Lipschitz spaces | 102 |
| 13.2. Embedding properties of Besov and Lipschitz-type spaces | 107 |
| Bibliography | 111 |
| List of symbols | 117 |
