Contributors *xv*

Foreword *xxix*

Introduction *1*

Part I An Overview

- 1 The Computer in the Psychotherapist's Office: Present and Future Applications *7*
JOHN A. SCHINKA, PHD, AND R. BOB SMITH, III, PHD
- 2 Analysis of the Information Needs of a Private Practice *19*
JOSEPH ZEFAN, MSW
- 3 Applications of the Microcomputer in the Private Practice of Psychotherapy (or How to Rationalize the Purchase of Your New Toy) *41*
LAWRENCE M. LANES, MD
- 4 The Salt Lake VA Medical Center Experience *47*
DOUGLAS K. GOTTFREDSON, PHD, L. J. SCHMIDT, MD,
PHILLIP W. CHRISTENSEN, PHD, BRUCE BEEBE, AND
ROBERT WALLY FORT

Part II Dealing with People

- 5 People in the Organization: The Effects of Computer-Mediated Work on Individuals and Organizations (A Review) *55*
MARC D. SCHWARTZ, MD

- 6 Professional Colleagues: Confronting the Attitudes of Professionals toward Microcomputers 61
GARY L. PINKERTON, MSW, AND PAUL R. RAFFOUL, PHD
- 7 Why Do Psychiatrists Avoid Using the Computer? 67
MARC D. SCHWARTZ, MD
- 8 Microcomputers in Clinical Practice: Preparing and Involving Office Personnel 69
FRED L. ALBERTS, JR., PHD
- 9 The Computer Professional: The Relationship between User and Computer Professional in System Development 75
JERRY CINANI, MSc
- 10 The Computer Salesperson: Thoughts on How to Buy a Computer 83
DANIEL COHEN, CSW

Part III

Office Accounting Systems for the Psychotherapist

- 11 Selecting an Office Accounting System for Private Practice 89
MICHAEL S. GEFFEN, PHD

Part IV

Word Processing for the Clinician

- 12 What Word Processors Do: A Glossary of Terms 107
KATHY CHIN AND TOM SHEA
- 13 Word Processing on a Small Computer 111
FRANK GALLO, PHD
- 14 Word Processing for the Clinical Office 123
PETER A. KELLER, PHD

Part V Psychological Testing

- 15 An Overview of Computerized Testing 131
JAMES H. JOHNSON, PHD
- 16 A Critical Examination of Computer-Administered
Psychological Tests 135
BRUCE DUTHIE, PHD
- 17 Development and Clinical Use of Test-Interpretive
Programs on Microcomputers 141
GALE H. ROID, PHD, AND RICHARD L. GORSUCH, PHD
- 18 Legal and Ethical Issues in the Clinical Use of
Computerized Testing 151
ROBERT A. ZACHARY, PHD, AND KENNETH S. POPE, PHD

Part VI Psychological Reports

- 19 The Full Psychological Report via a Word
Processor 167
KEN R. VINCENT, EDD

Part VII Clinical Assessment and Interviewing by Computer

- 20 The Making of a Computerized Assessment System:
Problems, Pitfalls, and Pleasures 173
LEIGH McCULLOUGH, PHD, ALBERT D. FARRELL, PHD,
AND RICHARD LONGBAUGH, EDD
- 21 When Is a Computerized Assessment System Ready for
Distribution? Some Standards for Evaluation 185
ALBERT D. FARRELL, PHD
- 22 Conservative Radicalism: An Approach to Computers in
Mental Health 191
JOHN H. GREIST, MD

- 23 A Computerized Diagnostic Interview Schedule (DIS) for
Psychiatric Disorders 195
DAVID E. COMINGS, MD
- 24 Review of "Assessment of Psychiatric Patients' Problems
by Computer Interview" 205
MARC D. SCHWARTZ, MD
- 25 A Microcomputer Program for Scoring the
SCL-90 209
VICTOR KRYNICKI, PHD, AND R. CHARLES GOULD, BA
- 26 Review of "A Probabilistic System for Identifying Suicide
Attemptors" 213
MARC D. SCHWARTZ, MD

Part VIII Computer-Based Diagnosis

- 27 Review of "Direct Assessment of Depression by
Microcomputer" 217
MARC D. SCHWARTZ, MD
- 28 The Computer and Clinical Judgment 221
G. OCTO BARNETT, MD
- 29 Computerized Models of Psychiatric Diagnosis 225
MARVIN J. MILLER, MD
- 30 A Skeptic's View of the Computer as
Diagnostician 241
SYDNEY SPIESEL, MD

Part IX Computers in Neuropsychology

- 31 The Use of Microcomputers in the Cognitive
Rehabilitation of Brain-Injured Persons 245
ROBERT T. KURLEYCHEK, PHD, AND ANN E. GLANG

- 32 Using Computers in Neuropsychology 257
ODIE L. BRACY, III, PHD

Part X Administrative and Clinical Information Management

- 33 Information Systems Are Too Important to Be Left to
Non-Clinicians 269
ZEBULON TAINTOR, MD
- 34 A Practical Guide to Integrated Computerized Informa-
tion Management 273
RICK T. ZAWADSKI, PHD, AND STEPHEN GEE, BS
- 35 Issues in the Development of a Community-Wide
Mental Health Information System 285
LARRY L. SEARCY
- 36 Introduction of a Computer at a Counseling Center:
A Case Study 299
HERMAN RESNICK, PHD, CHARLENE MATHESON, PHD,
AND JAMES A. BUSS, MA
- 37 Microcomputer Applications in a Hospital Social Work
Department 309
MICHAEL A. KING, DSW
- 38 Lessons That Have Been Learned Implementing a
Computerized Management Information System 317
JIM NEWKHAM AND THE STAFF AT THE HEART OF TEXAS
MENTAL HEALTH/MENTAL RETARDATION CENTER

Part XI The Computer as Therapy Adjunct

- 39 Eliza and Her Offspring 321
PHILIP DEMUTH, PHD
- 40 The Use of Computer Fantasy Games in Child
Therapy 329
DAVID H. ALLEN, MD

- 41 A Computer-Assisted Therapeutic Game for Adolescents: Initial Development and Comments 335
BETTY CLARKE, MSSW, AND DICK S. SCHOECH, PHD
- 42 Review of "Talking to a Computer about Emotional Problems" 355
MARC D. SCHWARTZ, MD

Part XII

Education as Therapy

- 43 Quit by Mail: The Computer in a Stop-Smoking Clinic 359
SID J. SCHNEIDER, PHD
- 44 The Use of Small Computers in Self-Help Sex Therapy 363
ROBERT REITMAN, PHD
- 45 The Word Processor as a Patient Education Tool in Psychotherapy 381
DANNY WEDDING, PHD
- 46 Automated Educational & Vocational Guidance System 387
RICHARD A. MURRAY, PHD
- 47 A Comparison of the Effectiveness of Spoken, Written, and Computer-Based Instruction (A Review) 393
MARC D. SCHWARTZ, MD
- 48 Computer-Assisted Instruction for the Private Practitioner 395
JOHN P. FLYNN, PHD, AND TERRY KUCZERUK, MSW

Part XIII

Choosing a Computer

- 49 Selecting a Computer for Use in the Practice of Psychiatry/Psychology 419
MARC D. SCHWARTZ, MD

- 50 The Apple Contribution 423
MARVIN W. EIDINGER, JR., PHD
- 51 An Evaluation of the Vector 2600 Computer and
MicroPro Software 439
LAWRENCE G. RITT, PHD
- 52 The Cyborg Biolab 21: A Microcomputer System for
Physiological Data Acquisition and Biofeedback 445
DANNY WEDDING, PHD
- 53 From Mainframe to Mini to Micro: Efforts to Adapt Fea-
tures from a Large Hospital System to
Microcomputers 451
DOUGLAS K. GOTTFREDSON, PHD, AND
ROBERT WALLEY FORT, BS

Part XIV Other Issues

- 54 The Lithium Information Center 457
- 55 Artificial Intelligence in Psychology and
Psychiatry 459
GREGORY FREIHERR
- 56 Computerized Analysis of Verbal Behavior in Schizo-
phrenia (A Review) 467
MARC D. SCHWARTZ, MD
- 57 Using the Computer to Read the Mind
(A Review) 469
MARC D. SCHWARTZ, MD
- 58 The Use of Personal Computers for the Study of
Paranormal Phenomena 471
DICK J. BIERMAN, PHD
- 59 Tax Tips for Computer Owners 473
VERNON K. JACOBS, CPA

- 60 Guidelines for User Access to Computerized Patient
Records (A Review) 479
MARC D. SCHWARTZ, MD
- Computers in Mental Health: A Selected Bibliography 481
JAMES L. HEDLUND, PHD, AND BRUCE W. VIEWEG, MS
- Index 497
