

CONTENTS

<i>Preface</i>	vii
1. INTRODUCTION AND OVERVIEW	
Industry: A Place to Study Human Behavior	1
Psychology: The Science of Human Behavior	2
Human Behavior Ranges Far and Wide	3
Standards of Science Must Be Applied to Psychology in Industry	4
Psychology Applied to Industry is Difficult but Exciting	5
An Outline for the Study of Human Behavior in Industry	5
Plan of the Book	11
2. PERSONNEL SELECTION	
The Staffing Problem	13
Studying the Job	15
Studying Job Performance	19
Studying and Measuring Human Qualities	24
Validity and Meaning	33
Accuracy of Prediction	35
Designs for Selection Research	35
The Statistics of Prediction	39
A Selection Research Study	50
The Staffing Problem Reexamined	54

3. PERSONNEL TRAINING AND DEVELOPMENT

Training and Education	57
Training in Industry Today	57
The Design of Training	59
Determining Training Requirements	59
Who Should Be Trained	62
Methods of Training	63
Transfer of Training	76
Evaluation of Training	78
A Training Research Study	79
Conclusion	82

4. COUNSELING IN INDUSTRY

Introduction	84
History of Industrial Counseling	85
Directive Versus Nondirective Counseling	88
Types of Counseling Programs	89
Final Statement	98

5. ENGINEERING PSYCHOLOGY

Man-Machine Systems in Industry	100
Systems Analysis, The Study of Error	104
The Study of Input Factors	111
The Study of Output Factors	114
Operator Variables	117
A Human Factors Analysis Leading to Equipment Redesign	119
A Final Word About Research in Engineering Psychology	121

6. HUMAN MOTIVATION IN INDUSTRY

Motivation: An Important But Difficult Concept	124
Brief History of Motivation in Industry	129
Four Human Motives	134
The Measurement of Human Motivation	143

A Study of the Motivation to Work	148
Performance = Motivation × Ability	153

7. ORGANIZATIONAL PSYCHOLOGY

The Scope of Organizational Psychology	155
Classic Organization Theory	158
A Recent Study of Organizational Change	164
Examples of Modern Organization Theory	168
An Organizational Variable: Technology	174
Other Organizational Variables	177
Organizations and Problems	180
The Field of the Future	182

8. THE PSYCHOLOGY OF LABOR-MANAGEMENT RELATIONS

Overview	184
Collective Bargaining Trends	185
Problems of Collective Bargaining	188
Other Problems in Collective Bargaining	197
What Do Union Members Want?	199
The Role of the Psychologist	202

9. SURVEY RESEARCH

The Question of Accuracy	206
Planning the Survey	209
Designing the Survey Instrument	211
Choosing Respondents	221
The Selection, Training, and Care of Interviewers	227
Analysis and Interpretation	230
The Accomplishments of Survey Research	231
A Survey Research Study	232
Survey Research Methodology	234

<i>Checklists of Fundamental Points to be Emphasized in Interviewer Training</i>	236
