

Hermine Biermé

Editor

Stochastic Geometry: Percolation, Tessellations, Gaussian Fields and Point Processes

 Springer

Contents

1	An Introduction to Russo-Seymour-Welsh Theory	1
	Laurin Köhler-Schindler and Vincent Tassion	
2	Random Tessellations: An Overview of Models	35
	Claudia Redenbach and Christian Jung	
3	Gaussian Fields Through Geometrical Properties	81
	Anne Estrade and Julie Fournier	
4	Complex Gaussian Zeros and Eigenvalues	133
	Alon Nishry	
5	Point Processes and Spatial Statistics in Time-frequency Analysis.....	181
	Barbara Pascal and Rémi Bardenet
