Introduction 8

The Art of Design 9

Materials and Form 12

Techniques

Structure

Geography

Relevance

The Role of the Architect 16

Stone 22

The Material 22

Building Techniques 24

Development and Application 30

Early Stone Building

The Egyptians

Classical Greek Architecture

Roman Architecture

Byzantine Churches

Gothic Architecture

The Renaissance

Neo-Classic and Neo-Gothic Revivals

Art Nouveau

Modern Applications

Timber 54

The Material 55

Types of Timber

Dating Timber Buildings

Building Techniques 59

Historical Methods

Modern Methods

Development and Application 62

The Chinese Tradition

Japanese Timber Building

British Timber Building

North American Timber Building

Modern Applications

Brick 82

The Material 84

Manufacturing Techniques 84

The Bricklayer's Art

Development and Application 86

Early Civilizations

Early European Development

Tudor and Stuart Brickwork

Georgian Brickwork

Victorian Brickwork

Modern Applications

Iron and Steel 106

The Material 107

Manufacturing Techniques 107

Development and Application of Iron 110

First Uses

Early Factories

Office Buildings in Chicago

Development and Application of Steel 115

First Uses

Skyscrapers and Factories

The Modern Movement

Modern Steel Building

Concrete 126

The Material 126

Mass Concrete

Reinforced Concrete

Basic Techniques 130

Permanent Formwork

Precast Concrete

Prestressing

Other Advanced Techniques

Development and Application 136

Roman Use of Concrete

Engineering Advances

The Modern Movement

Modern Applications

Glass 146

The Material 147

Types of Glass

Development and Application 150

Early Civilizations

The Byzantine Interior

Gothic Attitudes to Light

The Renaissance

Victorian Use of Glass

Modern Applications

Plastics 166

- The Material 167**
 - The Chemistry of Plastics
- Development and Application 168**
 - Sheet Plastics
 - Drawn and Moulded Shapes
 - Glass Reinforced Plastics
 - Fabrics
 - Foams

Applied Decoration 182

- Thick Coatings 182**
 - Plaster
 - Stucco
- Decorative Finishes 188**
 - Types of Finish
 - Techniques
- Layers and Skins 190**
 - Mosaic
 - Tiles
- The Use of Decoration and Ornament 193**
 - Islamic Decoration
 - Byzantine Decoration
 - Picturesque Decoration
 - Honesty of Expression
 - The Industrial Society
 - The Twentieth Century

Building Materials and Architectural Quality 198

- Chronological Development 199**
- Contemporary Themes in Architecture 202**
 - Honesty of Expression
 - Commonsense
 - The Vernacular
- Criticisms of Modernism 208**
- Decoration and Facades 210**
- An Attitude to Materials 211**

Glossary 212
