Preface and Acknowledgements	VII
Introduction	1
Notes	14
PART I: MENTALISM AND ITS FORMALIZATION	15
Chapter 1: THE SUBJECT	15
Sec. 1: Propositional attitude verbs and their subjects	19
Sec. 2: The classical conception of the Subject	28
A. Descartes	29
B. Berkeley :	31
C. Kant	32
C. Aristotle	36
Sec. 3: The Modern Rejection of the Subject ..	37
A. The early Wittgenstein	38
B. Russell	41
C. Quine	42
Sec. 4: Subjects and Objects	48
Notes	53
Chapter 2: THE ACTUAL AND THE POSSIBLE	54
Sec. 1: Physicalism and stimulus control	55
Sec. 2: Propositional attitudes and Behaviour ..	60
Sec. 3: Possible Worlds and Behaviour	64
Chapter 3: SUBJECTS, PROPOSITIONAL ATTITUDES AND POSSIBLE WORLDS: A FORMALIZATION	69
Sec. 1: The languages	71
Sec. 2: Possible world semantics: an informal introduction	75
Sec. 3: Propositional attitude logics	79
Sec. 4: Mentalism and the concept of Truth ..	93
PART II: MODAL LOGIC AND ITS PHILOSOPHICAL INTERPREATION	
Chapter 1: THE COMMONSENSE VIEW OF THE IMAGINATION	101
Sec. 1: Stories	103
Sec. 2: Propositions	107
Sec. 3: Arguments and logical truths	112
Sec. 4: Phantasies	115
Sec. 5: Plans	117
Sec. 6: Summary of the commonsense view of imagination	122
Notes	126

Chapter 2:	THE FORMAL STRUCTURE OF THE IMAGINATION	127
Sec. 1:	Expansion rules	131
Sec. 2:	Emprirical adequacy of our theory of the imagination	138
Sec. 3:	Model systems and pictures	154
Sec. 4:	Expansion rules and grammars	159
Chapter 3:	THE PRODUCTS OF THE IMAGINATION	166
Sec. 1:	Finitude	168
Sec. 2:	Undecidability	171
Sec. 3:	Submodel systems, submodel sets, and model sequences	175
Sec. 4:	Creative and automatic aspects of the imagination	179
Sec. 5:	Can the imagination be computerized? ..	187
Chapter 4:	THE IMAGINATION AS A PLANNING DEVICE ..	192
Sec. 1:	An illustrative plan	195
Sec. 2:	Formalization of our example	202
Sec. 3:	Planning as anticipating "games against nature"	222
Sec. 4:	Undecidability and planning	233
Sec. 5:	A logical analogue to the law of entropy	236
Sec. 6:	Plans and phantasies	240
Sec. 7:	The planning-theoretical significance of doxastic logic	242
	Summary	244
	Notes	246
Chapter 5:	INDIVIDUALS AND POSSIBLE WORLDS	247
Sec. 1:	The problem	248
Sec. 2:	Hintikka's suggestion: individuating functions	254
Sec. 3:	Hintikka's suggestions in the game-theoretic perspective	258
Sec. 4:	Cross-identification of individuals in fiction	261
Sec. 5:	Does modal logic presuppose essentialism?	264
	Summary	268
	References	271
	Diagram: A flow chart of planning	221
